1.	For the above tender we can see that the request is Sour Service. The mill has indicated that they are not able to quote for Sour Service. For the previous tender 23011934 this sour service requirement in the end was also cancelled. Is that also possible for this tender as we are not able to quote for this.	Accepted. Please see attached revised Technical Specifications.
2.	Is it possible to offer without the sour service request ? This condition eliminates producers approved by you	Please see the reply above.
